2020-2021
OPPA, OPHS, and NOVA
Resource Pick-Up Information

**Oak Park Preparatory Academy**
Kimberley Raginia, Principal

- Our resources for classes are all warehoused online through Google Classrooms and the curriculum apps on clever.
- Our band instrument pick-up is on Sept. 9th.
- OPPA’s self-contained teachers have already contacted their students’ parents to arrange pick-ups.

**Oak Park High School**
Carissa Peterson, Principal

- The majority of our students will not be picking up resources for their classes at OPHS.
- Most of the resources will be uploaded thru google classroom. We used this structure so that parents do not need to come up to the school.
- In the instance of a very few classes (painting for example...) students will be told what materials they need for the class and will be given the opportunity to pick them up from the school if they need that support. Those students will be told individually/as a class how and where to pick those supplies up.
- Our special education co-teachers will be working with our IEP students to ensure they have the materials they need. That will also be handled on a case by case basis to ensure every student’s individual needs are met.

**NOVA Discipline Academy**
Derek H. Faulk, Principal/Director of Culture and Climate OPSD

- Any student or parents that need resources can pick-up any resources Monday - Friday from 10:00 AM - 2:00 PM.
- Students and or parents can also call the main office to set up an appointment outside the normal pick-up times.
