

Oak Park Schools

# FREE WINTER IMMUNIZATION FAIR

Vaccines are designed to provide immunity to children before they come into contact with diseases like hepatitis B, measles, mumps, and polio, among other life-threatening diseases. All vaccines undergo extensive testing to ensure that they are safe and effective for children and are approved for use by the Center for Disease Control Prevention (CDC).

DINNER &  
REFRESHMENTS

Deciding to vaccinate your child can be a challenging decision. We encourage you to speak with the district nurse to explore the best option for your child.

RAFFLE/PRIZES  
GIVEAWAYS

If you choose to opt-out, we are available to assist you in scheduling a waiver appointment.

BOUNCE  
HOUSE

Students who do not meet immunization or waiver requirements will not be allowed to attend school.

**THURSDAY, 25 JANUARY**  
At 3:30 PM - 7 PM
